He leaves for the new charge Dec. 1. The many friends of Rev. Brazelton regret exceedingly to see him leave as he has endeared himself to the people of this city in many ways during his several years as pastor here. YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save your hair! Make it thick wavy, glossy and beautiful at once

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of the hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

Oil Displaces Coal

Washington—Owing to the great output of petroleum in California and its use as a man-of-war, railroad and steamer fuel, the production of coal in the United States has been considerably reduced. It is estimated that the consumption of the Pacific coast is equivalent to about 21,000,000 tons of coal, or 6 and 7 times the output of the United States. The coal states combined in 1914.

Badheads: Here is Fair Warning to You

[From The London Times] It was stated at an inquest at Hackney on the body of a shunter, named Charles Hall, aged 21, who was run over on the railway and killed, that he was perfectly bald and that the driver, noticing him on the line, mistook the back of his head for his face, and thought he was coming toward the engine, and could see it.

Boosters' Meeting

At City Hall Last Evening, and Various Measures Adopted

Last evening being the regular meeting night of the Earlington Boosters' Club, a crowd of over fifty of our representative citizens met at the City Hall and had a very enthusiastic meeting. The meeting was called to order by the chairman. Minutes of the previous meeting read and approved. The report of Committees was then called for. Only two members of the Committee on Civic Improvement were present, Prof. Dudley and Claude Long. They reported no meeting had been called and so nothing done so far. Sec'y Coward reported as committee on securing Button for club, that he was in correspondence in regard to the matter and would have something to report next meeting. The Committee on Resolutions to the officials of the L. & N. R. R. made their report and were discharged. The Chairman read a letter from Mr. G. D. Evans, 4th Vice-President of the L. & N., stating that the reason the work on the repair track here had fallen off was because this point was not able to handle heavy repairs and that the Company had not had calls for the cars and therefore that had resulted in less work, but that they had given all the work possible and would continue to put more men at work as they were able to do so. A letter was also read from the secretary of Mr. Henry Walter, addressed to Bro. Brazelton, stating that he was not at home at that time, but that he would write later. No letter has yet been received from Mr. F. F. Wheeler, President of the Kentucky Central at Central City. The Chair then announced that our fellow townsman, Geo. Miller, would install a grist mill at an early date. This was greeted with much enthusiasm by the Club. Gny Ashby then made a point asked that correspondence be begun with various people who might be interested in such a proposition. The question of exemption from taxes for a term of years was raised by Mr. B. rasher and the chairman stated that the By-Laws of the club provided for such a concession. Prof. Dudley then for a live line of advertisement be distributed and be erected a board calling attention to the benefits of the club. The club decided to leave the question open until the next meeting night, when definitely would be decided on. The question of an ice plant then raised, and the suggestion was made that as the scarcity of water and this city, well supplied along that line, be gotten in touch with and possibly prevailed upon to run here the next season. The question of poor telephone service to Madisonville because of lack of lines was discussed. The question of the Inter-county Seat Road was then brought to the attention of the Club by Secretary Coward, who stated that Earlington was in great danger of being left entirely off the Dixie Bee Line by the action of the Fiscal Court in running the County Seat Road by the way of Richland and Beniah. A committee composed of R. F.

B. cher, H. D. Coward, O. F. Harneist and W. L. Phillips with Hon. Jas. R. Rash as honorary member was appointed to request the County Judge not to allow the awarding of the contract for the road until Earlington has an opportunity to present their side of the question and show why the road should be run through Earlington. The Club then adjourned to meet Thursday night, November 4.

Sunday Etiquette

OBSERVING the success of the Billy Sunday methods in the matter of conversion, Puck rises to suggest that the attempt be made to apply the same methods to other church ceremonies and activities, proposing the following formulae:

Pastor (christening infant)—"What do you want to call this hunk of excess baggage, Bo?"
Presiding Parson—"What miserable munt giveth this skirt to be married to this gink?"
The Bride's Father—"I'm the guy."
Industrious Usher—"Slide, you ice-cart! Slide!"
Passing the Plate—"Come on across with the iron-men, you low-lived tightwads!"
Sunday School Superintendent—"All of you little fivers that want to swat Satan, stand on one leg."

GET IT IN EARLINGTON

Spend your money in Earlington, and stand by your own home town. No town can be prosperous in which the citizens dependent upon each other, do not patronize each other. The time is now here when it behooves every man, and woman in the town to do all their trading in Earlington. The merchants of this city have everything you need and at prices as low as can be found elsewhere. Suppose there are some few things you can get in the nearby towns for a few cents less, when you count the expense of railroad fare, express or parcels post the price is equalized and then your money is sent out of town where it is absolutely of no benefit to the community. Why help build up some other town and let your own go to ruin, why send your money out of Earlington to keep up streets and pay current expenses of some other town when these same merchants never spend a dollar in your town. Who is it comes to your home when some of your loved ones are ill and you are in trouble? Is it the out-of-town merchant? Who helps keep up your schools and churches and other pub-

lic institutions? Do the out-of-town merchants ever donate a dollar to the cause of charity or help take care of the needy in Earlington? When the death angel hovers over your home and one of your children is called, do the out-of-town merchants ever offer any assistance, or follow the little form to its last resting place. No, it is your own home merchant who comes to the front and in an humble way renders what assistance he can, it is your home merchant who sells you what you need on a credit and waits patiently for the pay when you are in hard luck or work is slack. How much credit could you get from the out-of-town merchant? If you were in destitute circumstances and your children were crying for bread you could not get a dollars worth of flour from the men outside of Earlington with whom you have been spending your money. The fact is but little is ever made by going away from home to trade and oftener counting all expenses there is a loss that can never be replaced. The dollar once sent out of Earlington is forever gone and no community can expect to be prosperous where the people do not trade at home. You make your money in Earlington why not spend it in Earlington where it will be kept in circulation and eventually come back to you. The same dollar that buys a load of coal will be spent by the coal man for drygoods and by the drygoods man for groceries and by the groceryman for meat and by the meat man for repairing a fence and so will continue a ceaseless round of activity in the community. Just now while other things are working adversely to the interests of the city, every man in town should join the Boosters Club, put his shoulder to the wheel and push hard for the prosperity of Earlington, and one of the most essential things we can do is to begin now and spend all our money at HOME.

Paxtine

A Soluble Antiseptic Powder to be dissolved in water as needed
For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties.
For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At drug stores, or by mail. Sample free.

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy'us jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the toppy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and the classy pound crystal-glass humidor with the sponge-moistener top that's not only a joy'us thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach

Get a 10-cent box Sick headache, biliousness, coated tongue, head and nose clogged-up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When poison reaches the delicate brain tissues it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, takes the excess bile from the liver and carry out all constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10 cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

PROGRESSIVE PLATFORM

"We denounce the inequitable unjust and inefficient system of Taxation in Kentucky and pledge ourselves to enact a law equalizing the burden of taxation and doing away as far as possible with double taxation."

MRS. MELTON'S LETTER

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have. I have a family of five, sew, cook and do my housework and I became very much run-down in health. A friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers."
